## Lenette Egan, Executive Director

Email: [theIBDEA@gmail.com](mailto:theIBDEA@gmail.com)

Cell: 406.459.8132

## Notes from IBDEA Headquarters

We blinked, and **May arrived!** This year is flying by so fast that it's as if we are in Marty McFly's time machine! As we finish up and file away the Conference in Orlando, we are beginning to focus on 2023 in New Orleans with our conference chair, Molly Arehart of Helget Gas Products.

**We need your help!** Technical workshops are on our radar for the next Conference, but our membership is so diverse that we need your assistance narrowing it down. You can submit your workshop suggestions on the [Member Forum](#).

The Social Media + Website Committee and the Management Team are looking for ways to enhance our **online member directory**. You can help us out by updating your member profile. If you need help, please email [info@ibdea.com](mailto:info@ibdea.com).

The newly formed **Communications Committee** held its first meeting in April. There were a lot of great article ideas shared by that group, and we can't wait to see what they submit! If you're interested in joining the Communications or any [IBDEA Committee](#), please email [info@ibdea.org](mailto:info@ibdea.org).

IBDEA and Industry related events are on our website at [ibdea.org](http://ibdea.org) | **Events** | [Upcoming Events](#). Here you'll find everything from IBDEA committee meetings to IBDEAU registration info. While checking it out, make sure you register for Andy's **Virtual Open Forum** on May 18. Registration is also open for the **Draught Beverage Academy** in August and the **Carbonation 101** school in October.

Have a great month!

*Lenette Egan and CJ Marchain*

## Virtual Open Forum

Are you dealing with issues you never had to deal with before? Do you wonder how other owners in similar businesses are managing these challenges? The chances are good that your IBDEA colleagues have faced the same challenges.

**Join us on May 18**, when IBDEA members bring their issues and challenges to the table and learn what other members have done in similar circumstances. You can even suggest a topic when you [REGISTER!](#)
